Improvement of recognition standards for international students' academic background requirements (Ministry of Justice notification)

(D-2, D-4-1.7) As there are many cases in countries where it is difficult to submit documents proving academic qualifications, such as a graduation certificate, when applying, the standards for proving academic qualifications have been improved by taking into account the current situation of each country.

China follows current 『Guidelines for Visa Issuance and Residence Management for Foreign Students』

Expansion of the scope of recognition of high school graduation certificates ► Countries that require a national exam for university admission recognize the test certificate as a document proving academic qualification requirements.

※ However, you must obtain an Apostille from the country issuing the document or consular confirmation from the Korean embassy in the country where you reside.

◎ Documents proving academic requirements equivalent to high school graduation by country ◎

(India) Migration Certificate (issued by central and local educational evaluations such as CBSE, ICSE, IB)

(Nepal) Academic Transcript

- Issuer ① Before 2016 (2073 in Nepalese calendar): HSEB (Higher Secondary Education Board)

② After 2016 (Nepal calendar year 2073): NEB (National Examination Board)

(Myanmar) Matriculation Examination Pass Certificate

※ All 6 subjects must score 40 points or higher.

(Malaysia) Academic performance evaluation transcript (SPM: Sijil Pelajaran Malaysia or STPM: Sijil Tinggi Persekolahan Malaysia)

※ In case of SPM certificate, submit it together with the School Leaving Certificate.

(Other countries) If tests or qualifications equivalent to the qualifications for university admission are stipulated by national law or official document, it can be recognized as a document proving the academic background requirements.

※ However, the applicant must explain the qualification criteria according to the laws or official documents of the relevant country.

Exceptional recognition for certificate of expected graduation

(Target country) Countries that delay issuing official graduation certificates by several months or more

*Vietnam, Myanmar, Nepal, India, Malaysia, Sri Lanka, Cambodia, Israel, and other countries where the delayed issuance of high school and college (graduate) graduation certificates can be confirmed through government agency documents.

(Eligible people) Those who have graduated within 1 year from the date of issuance of the standard admission certificate

(Recognition documents) Certificate of expected graduation or temporary graduation certificate, etc.

* Various names such as Provisional Certificate or Temporary Certificate are recognized, but must receive Apostille from the issuing country or consular confirmation from the Korean embassy in the country where the document is issued.
